

SAN FRANCISCO ZEN CENTER

BUILDING MAINTENANCE FUND

The Building Maintenance Restricted Fund supports emergency projects that require immediate attention.

For over half a century, our three temples — City Center, Green Gulch Farm, and Tassajara Zen Mountain Center — have been places of refuge and transformation, offering a unique opportunity for practice and community.

Caring for our aging buildings is itself a form of practice that honors the lineage of Suzuki Roshi and the communities we serve.

The Building Maintenance Fund provides critical funding for emergent challenges such as leaking roofs, aging plumbing, weather-worn woodwork, and outdated infrastructure.

Your gift helps to ensure structural integrity, adherence to building codes, cost-effective solutions, and access to professional engineers.

PLEASE
consider making
a one-time donation
to the Building
Maintenance Fund
or joining The
Caretakers Club
for a monthly
giving option.

For more information on one-time giving or to join the Caretakers Club, please contact: Nannette Mickle, Director of Development at development@sfzc.org

Your gift will have an immediate impact that will continue to be felt far into the future.
